## Description

We Find Your Best Long-Term Workers So You Don't Have To Finding the most qualified candidates for high-stakes, full-time, long-term roles takes time, effort and energy that busy companies simply don't have. Our holistic direct hire recruitment service covers the entire process, from the initial briefing to the offer and on boarding, so your company doesn't have to waste valuable time and money finding the perfect candidates for your highest-priority roles. When it comes to your team members, it's important to get it right. Whether it's a strategic hire or a supplement to your growth strategy, we partner with you to thoroughly learn your business and the traits of the perfect candidate — bringing you only the most relevant and ambitious. Retained Search When searching for the right talent to fill a niche role, learn why Retained Search gives you the priority you need. Learn more How Does it Work? They're all yours. Candidates work directly for the end client, on their payroll, receiving their benefits, while we receives a one-time fee for the placement. This process has a guaranteed time frame. The process takes anywhere between two weeks to six months, depending on the seniority of the position, notice periods and scarcity of the skill set. The Advantage We offer expert market knowledge and expert people knowledge. We know global and local market salary rates, career expectations, available skill-sets and current hiring complexities. We know ideal candidates' location
