Description

In regions where biting insects like mosquitoes are common, there is a risk of contracting diseases such as malaria and Zika. Our Expedition Plus and Endurance range of DEET repellents provide effective protection against biting insects in all environments. This DEET-based range has been designed to offer varying levels of protection for different environments and activities. Features 50% DEET – high level protection Dual-action formula offers up to 10 hours protection Durable bottles The repellent will last 24 months from when it is first opened DEET is proven to be the best repellent against mosquitoes available. This comes in different strengths and the higher the percentage, the more effective it is and the longer it lasts. The most popular strength is 50% DEET but we recommend you get one with a bite inhibitor (PLUS+) DEET can damage plastics, lacquers etc. The Health and Safety Executive has deemed it safe for use on the skin but it can be harmful in contact with eyes or mouth. Specifications Weight: 132g Volume: 100ml Dimensions (packed): 40 x 138mm
