

Allied Trading Establishment

Flat 7 Arnewood Court, 9 West cliff Road.
Bournemouth BH2 5ET
United Kingdom

Phone: +447485445865

Allow me to introduce to you my company and its history in kitchen/ furniture accessories. Our Business was established back in Lebanon in 1950 by Mr. Naufal Doumit My farther's business (Naufal Doumit & Sons Co.). Our family business was successful in the furniture accessories field and is still operating presently. In 1994 I started my own business and became self employed by importing and exporting drawer slides and hinges from Italy (Gilardi & TM hinges). That business evolved and we started to represent the famous company Grass in 1996 and Egger in 2000. In 2004 we represented SCM Group for high end machinery. We have represented many other companies throughout the years E.g.. Peka & Jowat but to name a few. In year 2000 Allied Trading Establishment was registered officially as a trading name for the purpose of selling Kitchen accessories, furniture fittings and woodworking machinery. Nine years later I set up a new company Allied Resourcing company (Offshore) S.A.L. Which so purpose was to resource goods for its existing customers. Presently in the UK we are offering the same quality products/ services maybe with different suppliers for some Products but with a plus giving the opportunity to the wholesaler/ distributor to import his goods at lowest price. This will be directly from the source and this won't affect your cost as we act as their sales office in the UK. This results that the customer will be competitive with added value in terms of quality/ prices ratio.

Why to choose us?40 years of history and experience in this field Established customer base and dealing with well known manufacturersIntegrity & honesty in dealing with our clients

What are your advantages?Fast processing and your purchases centralized (one stop shop)Immediate response in our after sale serviceA continued customer communication

I would like to invite you to visit our website to see the products that we are

representing <http://atelb.co.uk>.
