

VerdantGreen Ltd

7, Trinity Place, Midland Dr, The Royal Town of Sutton Coldfield, Birmingham
B72 1TX

Phone: 07885 367223

The warmth of your home largely depends on the quality of its insulation. Without adequate insulation, heat escapes easily, which is bad news for your energy bills at the end of the month. Loft insulation is a simple yet highly effective way to minimise heat loss. At VerdantGreen Ltd, we insulate lofts to a depth of 270–300 mm, helping to reduce heating costs by up to 20%. Get in touch today, and we'll arrange a comprehensive survey of your property before carrying out the work. Website: <https://www.verdantgreenltd.co.uk/> Phone Number: 07885 367223
